Re: National Labor Relations Board v. Alaris Health at Rochelle Park,
No. 19-cv-19849

Dear Judge Salas:

On May 20, 2020, this Court [ECF No. 8] ordered Petitioner National Labor Relations Board to update this Court as to the status of production by June 18, 2020. Due to an inadvertent error in my leave scheduling, we are filing this letter slightly after the scheduled date. We hope that this does not pose an inconvenience for the Court and respectfully request that the error be excused.

Respondent Alaris Rochelle has turned over what it represents are the remaining requested documents needed to calculate backpay in the underlying matter. Alaris Rochelle further represents, and the Board has no reason to doubt, that the documents were first sent on May 28, but were apparently rejected due to file attachment size limitations *without*, for whatever reason, resulting in a kickback to Alaris Rochelle's counsel notifying him of the delivery failure.

The Board requests that a further status report be filed in 30 days. I have conferred with Board staff who will be reviewing the records for completeness and anticipate that our review will be completed in advance of that date.

Very truly yours,

/s/ Paul A. Thomas
